MONDAY, JULY 6. 1741

Paris, June 30.

A GREAT Number of ſingle Women are lately engag'd for Miſſiſippi, who are paid 30 Livres in Hand, and 30 Sols per Day till they go off, and are cloath'd with the Callicoes forfeited to the India Company. 'Tis reckon'd that they will amount to 3000, exclu ſive of ſeveral young Wives to Artificers of various Kinds, who have of-themſelves voluntarily. The King has lately an Ordonance, which is not nor ever will be made but in caſe of a War with England. 'Tis in conſequence of ſeveral Memorials by thoſe of St. Malo, other Ports who uſed to fit out Privateers. His gives up his own Right to the Prizes taken by ſuch Privateers, and reduces thoſe of the Admi- to the Footing they were upon in the Time of II. Of this Notice has been given to the De- of St. Malo, and other Ports, that their Marines be ready in caſe of Accidents. 'But notwith- ing theſe Military Meaſures, and other Prepara- which the Court is making both by Sea and d, they deſire nothing, and have nothing in view ſake, but Peace, to which the King is ever diſpo to give his Conſent, if he can poſſibly do it with too far engaging his Honour in it.

'Tis given out for certain, that the Engliſh have obliged to raiſe the Siege of Carthagena, and the is actually inſerted in the Publick Papers: If confirm'd, we hope there will be no Rupture; whereas it would have been infallible, and ſpeedy too Admiral Vernon had taken Carthagena.'

THE Tranſlator of HORACE's ODES printed for J. Davidſon, expected the *Remarker* would, in his *Compariſon* of the Two Verſions, have defended the Errors of Mr. Watſon's Verſion of the 9th Ode of Book I. pointed out in the Gazetteer of the 24th of June; but inſtead thereof there was publiſh'd on the 30th of June, and *Given out at Mr Oſwald's Shop*, a Compariſon glaringly partial, *both Verſions being altered by the Remarker to ſerve his own Purpoſes* (as will be very ſoon made appear) but no Defence made of the many *groſs Errors of Mr. Watſon's Verſion of the 9th Ode*, which he is hereby again call'd upon to do; and if he does not the Publick will juſtly conclude this *Remarker*, with all his Aſſiſtants, cannot defend them, without having Recourſe to his *laſt Shift, of altering both Verſions*: A Practice deteſted by every impartial Perſon.

Concerning Gleets *and* Seminal Weakneſſes *of all Kinds.*

ALL judicious Phyſicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleets and Seminal Weakneſſes, whether proceſſion'd by too ſevere purging for Venereal Injuries, Strains, Pollutio ſui, or any other Cauſe whatever; that they are dangerous in their Conſequences, as well as difficult to cure, is as certain, ſince they exceedingly weaken the Generative Faculties, infeeble the whole Nervous Syſtem, often bring on Hectick Heats, a Tabes Dorſalis, or Conſumption of the Back, or an Atrophy or Nervous Conſumption, which frequently terminate in Death itſelf.

All ſuch, therefore, who have the Misfortune to be troubled with Old or Stubborn Gleets, Seminal Effuſions, Involuntary Emiſſions, exceſſive Nocturnal Pollutions, or any Weakneſs of the Kidneys, Ureters, or Bladder, the Diabetes, Incontinency of Urine, or Difficulty of holding their Water, would doubtleſs be glad to meet with a certain, ſafe, ſpeedy Cure, which they moſt aſſuredly may, by taking only a ſmall Quantity of a tranſcendent BALSAMICK RESTRICTIVE ELECTUARY, now publiſhed for a general Good after having for many Years been experienc'd never once to fail perfectly curing the moſt Stubborn Gleets known in a few Days, without Difficulty or Trouble; as alſo all other Weakneſſes of the Back, Reins, Seminal Veſſels, and Urinary Paſſages, whichit almoſt inſtantly cures, by reſtoring to rights and reſtoring all thoſe Parts and Paſſages to their natural Tone and priſtine Vigour, in a very extraordinary Manner, and by taking a few Doſes of it only.

This tranſcendent BALSAMICK RESTRICTIVE ELECTUARY is neither diſagreeable to take, nor occaſions the leaſt Hinder, but is a wonderful Reſtorative in all Weakneſs and Decay of Conſtitution of any Kind, and particularly ſtrengthens the Back, Reins, Seminal and Urinary Veſſels to an immenſe Degree, inſomuch that in any Debility of them, one Dole of it does more than ten of any other Remedy yet found out; and all Perſons fatigu'd with Gleets or Seminal Weakneſſes of any Sort, or Weakneſſes of the Urinary Veſſels, who take it, will in three Days time find it ſo very effectual, that they will be moſt agreeably ſurpriſed at it.

When a Medicine will infallibly accompliſh ſuch a Cure, a ſpeedy and perfect Cure of ſuch difficult Maladies, as Gleets and Seminal Weakneſſes are, as this Great Remedy truly and directly will, even after all other Means and Medicines have been tried in vain; too much cannot be ſaid in it, and does All who ever took it for any of the above-mention'd Purpoſes have readily declared.

The Price is but 6 s. a Pot, altho' for its abſolute Efficacy one Pot alone being ſufficient in moſt Caſes to accompliſh a Cure, worth ten times as much, and by the Authority Special Appointment, is to be had only at Mr. Raſh's Toy-ſhop, at the Roſe and Crown againſt St. Clement's Church-Yard in the Strand, ready ſealed up, with a Book of Inſtructions, which whomſoever carefully reads will preſently know, when the Gleet or Weakneſs he is afflicted with ſucceeds a Venereal Injury, whether all the Malignity of the Foul Diſeaſe is intirely eradicated or not.

Note, Ask only for a 6 s. Pot of Balſamick Electuary.

For the PALSY,

An infallible and ſpeedy Cure, by one inſtant Medicine, being a moſt pleaſant Chymical Tincture, to be taken in Drops,

WHICH gives inſtant Relief in any Paralytick or Nervous Indiſpoſitions, proceeding from what Cauſe ſoever; and alſo in all Weakneſſes, or Decayes of Nature, whether from Old Age, or occaſioned by conſtitutional Weakneſs of Body, or any Irregularities of Living, ſuch as Drinking, &c. whereby Nature is ſorely weakened, and often in a Manner quite ſpoiled.

This infallible Chymical Tincture is endued with ſuch ſpecifick Qualities, that it inſtantly enters the Nerves, the principal Seat of all Complaints of a Paralytick Kind, reſtores natural Heat and Strength to a Degree conſiſtent with a perfect State of Health; and in a very little time perfectly cures all Paralytick Weakneſſes of the longeſt ſtanding; and alſo the ſevereſt or worſt Effects of it either on old or young, ſuch as ſhaking or trembling of the Limbs, Numbneſs, or even Deadneſs on any Part of the Body; as has been happily experienced by great Numbers of both Sexes, and all Ages, before the Publication.

As for any Weakneſſes or Decays of Nature, by Age or otherwiſe, this Tincture has not its Equal; it is ſo gentle in Operation, as not to give the leaſt Diſturbance in taking, but in its Effects ſo ſtrong and prevalent, that all Decays or Weakneſſes of Nature, whether Paralytick, Convulſive, or any other Indiſpoſitions attending the Head and Nerves, are inſtantly relieved, and daily mended; ſo as in a very little Time a perfect Cure is accompliſhed.

It is exceeding pleaſant to take, ſafe in Operation, perfectly agreeable to the Stomach and Palate, greatly helps Digeſtion, cauſes a good Appetite, revives and ſtrengthens the whole Human Frame, and is ſo ſafe and regular a Cure in all Paralytick, Convulſive, and other Nervous Indiſpoſitions, that nothing in the World was ever yet known to come near it.

It is ſold by ſpecial Order of the Author, only at Mr. Markham's Toyſhop, the Seven Stars under St. Dunſtan's Church in Fleet-ſtreet, for 3 s. 6 d. each Bottle.

arriv'd the Mails due from Holland *and* France.

S.* When Prince Frederick ſe Caſſel, his Princeſs, and his Siſter, arrived y at Herenhauſen, they found the King walking Gardens, where his Majeſty embrac'd them all with great Marks of Affection. The Princeſs of who had been for a long Time indiſpoſed, is perfect Health. The Baron de Jaxheim, the of Hungary's Miniſter at this Court, has receiv- vice from his Brother-in-Law the Count de Neu- in Sileſia, that having received all the Reinforce- which he expected, his Army was little inferior t of the King of Pruſſia, ſo that he need not be if the Caſe requires it, to repaſs the Neiſs. We ſur'd, that in a late Conference betwixt his Bri- k Majeſty's Miniſters and Generals, it was conſi- whether it was not beſt for the Engliſh Troops ay be employ'd in the Empire, to be brought up eſer, in which caſe they are to land at Bremen.

om the Camp at Bilau, June 28. *N. S.* The King uſſia having within this Fortnight paſt ſent ſeveral peters to the Velt Marſhal de Neuperg, to pro- an Exchange of Priſoners. Grotkau is pitch'd to be the Place, and the General Officers are ap- ed for that Purpoſe.

the 23d Inſtant there was a ſharp Engagement een the Pruſſians, and a Detachment commanded e General Feſtitiz as follows:

The General having paſs'd the Neiſs with 1100 ſſars, and 500 Hungarian Gentlemen Voluntiers, nt and poſted himſelf at Lichtenberg, a little above ſkau, from whence he ſent out Parties every Day ich made Excurſions as far as Brieg and Ohlau, d often intercepted the Enemy's Proviſions. Upon , the King of Pruſſia ordered the Major General Riedeſel to advance to Lichtenberg, with Cuiraſ- rs, Dragoons, and Foot Soldiers, to the Number oo Men, and ſix Field pieces. He arriv'd there e 23d at Day-break, and extended his Troops to e Right and Left, with a View to encompaſs ours. t General Feſtitiz being inform'd of the Enemy's arch the Day before, had made due Preparations to ve them a warm Reception. The Pruſſians fell on ry briskly, with a general Salvo of their Small-arms ounded by the Fire of the Fieldpieces; whereupon e Huſſars and the Volunteers pretended to retire and abandon their Poſt, when the Pruſſians purſued em very hotly; but our Men immediately fac'd bout and fell upon them Sword in hand with ſuch a den Motion, that the Pruſſians could not ſtand the ock, having their Ranks broken, and being put to ſuch Diſorder, that the Major-general Riedeſal had much ado to rally them. As he was apprehen- ve left General Feſtitiz ſhould fall upon his Artillery, he ſent it for Safety to a neighbouring Wood, and at the ſame time thought to draw the Huſſars that Way into an Ambuſcade; but the latter, content with the

' Advantage they had gain'd, advanc'd no farther. We ' took 64 Priſoners from the Enemy, and kill'd 140, ' with no more Loſs on our Side than two Men kill'd ' and five wounded, but the Priſoners we took ſay the ' Enemy had ſo many wounded that they were carry'd ' off in eight Waggons.
